Dear MORE-students,

**OeAD (Austria's Agency for Education and Internationalisation)** offers scholarships for Ukrainian students:**Ernst Mach Scholarship – UKRAINE**

As a reaction to the Russian invasion of Ukraine and the forced flight from the country, there is a need for immediate support for displaced persons as well as for students, graduates and scientists who are already in Austria and who have lost their financial support due to the war.

The **special scholarship programme Ernst Mach – Ukraine** helps Ukrainian students to continue their studies in Austria. The scholarship is open to Ukrainian students who are already enrolled in a regular study programme at an Austrian higher education institution as well as students, scientists and researchers from Ukraine who wish to continue their studies or projects here.

**Target group:** students, graduates, postgraduates, postgraduates enrolled in an ongoing doctoral or PhD programme, postdocs, scientists and researchers

**Countries of origin:** Ukraine (citizenship)

**Duration:** 1 to 9 months (extension possible up to 21 months)

**Scholarship sum:** 715 euros per month

**Funding organisation:** OeAD-GmbH on behalf and financed by the Austrian Federal Ministry of Education, Science and Research

**Closing date for applications:** no closing date, applications are possible at any time
